

# Design and Technology

# IN A NUTSHELL

## Our DT Intention

In conjunction with the National curriculum, we offer a varied DT education, which develops planning, construction techniques and evaluation skills alongside the learner's ability to express, experiment and reflect.

### *Developing a love of Art and Design in our classrooms*

- DT log will show a progression of skills within KS1, LKS2 and UKS2.
- Produce creative work, exploring their ideas and recording their experiences
- Become proficient in planning, creating and evaluating their work.
- Evaluate and analyse creative works using the appropriate language.
- DT projects will be taught within a whole school theme.

## Our School DT Culture

- *We use a variety of teaching and learning opportunities in DT.*
- *Pupils at King's Stanley Primary School will be aided in developing their own DT skills set through practise and progression alongside investigative work, developing skills and techniques and teacher modelling.*
- *All children will complete tasks within a whole school theme.*
- *Children will be encouraged and aided in self- reflection through recording an evaluation of their work at the end of each unit.*
- *Children will use a DT project log to record their visual journey.*
- *We celebrate all our children's achievements after each unit of work.*

## Assessment

- Children are assessed at the end of each unit/project.
- Photo evidence of coverage of each unit within each year group.
- Use of a DT log book throughout the school to reflect their learning journey.

## IMPACT

- Create work that is a culmination of a series of explorations and experiments and evaluation.
- Be proud of their final outcomes.
- Reflect and use appropriate self-assessments on the successfulness of previous work.
- Have confidence and pride in their abilities.
