

### English:

We will look at the narrative text, 'The Magic Paintbrush' a defeating the monster tale.

We will then focus on diary writing, based on prison life linked to our history topic.

### History: Crime and Punishment

When did we start getting punished for undertaking crime? How have punishments changed and how do they compare to today?

### Maths:

In our maths this term we will be continuing to explore multiplication and division. Each week we will be participating in weekly times tables challenges and improving our scores on Times Tables Rockstars. We will also be exploring fractions. We will be comparing fractions and adding and subtracting fractions.

# Dingy Dungeons

### Games (outdoors) Thursday

We will be focusing on a healthy, happy heart in our outdoor PE lessons. We will be thinking about how we can improve our fitness and the positive impact this will have on our health.

### PE (indoors) Tuesday

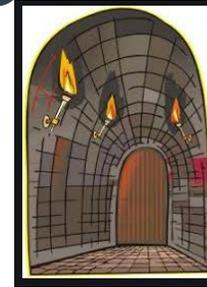

We will think about how our body can move and bend to create different shapes. We will explore travelling over and under apparatus, creating a sequence.

### Science:

In Science we will be learning all about the human digestive system. We will name and locate parts in the human body, before identifying our teeth and their function. We will find out what foods cause tooth decay and how we can prevent it.

Year 4  
Term 3  
2022

### Art and DT:

This term we will be looking at printing and using textiles to make things. We will look at a range of stitches to join fabrics and create a book mark and complete our monster heads.

### Music:

In music our focus piece is called 'Stop!'. It is a rap about bullying. The children will listen and appraise the song before learning it. They will be composing their own raps using the backing track.

### RE:

What does it mean to be Hindu in Britain today? This unit will lead on from our work in term one. We will be learning about how Hindus show their belief at home and amongst family and friends.

### PSCHE:

Our PSCH focus this term will be about keeping ourselves safe and healthy. We will be considering what keeps us healthy - both in mind and body. We will discuss how we can keep safe. Our value this term is perseverance.
